

TELESIS BIO INC. COOKIE POLICY

1 WHAT ARE COOKIES

As is common practice with almost all professional websites, this site uses cookies. Cookies are tiny files that are downloaded to your computer, to improve your experience. This page describes what information they gather, how we use it and why we sometimes need to store these cookies. We will also share how you can prevent these cookies from being stored, however this may downgrade or 'break' certain elements of the site's functionality. For more general information on cookies, see [here](#).

2 HOW WE USE COOKIES

We use cookies for a variety of reasons detailed below. Unfortunately, in most cases there are no industry standard options for disabling cookies without completely disabling the functionality and features they add to this site. It is recommended that you leave on all cookies if you are not sure whether you need them because they may be needed to provide a service that you use.

3 DISABLING COOKIES

You can prevent the setting of cookies by adjusting the settings on your browser (see your browser Help for how to do this). Be aware that disabling cookies will affect the functionality of this and many other websites that you visit. Disabling cookies will usually result in also disabling certain functionality and features of this site. Therefore, it is recommended that you do not disable cookies.

4 THE COOKIES WE SET

If you create an account with us, then we will use cookies for the management of the sign-up process and general administration. These cookies are usually deleted when you log out, however in some cases they may remain afterwards to remember your site preferences when logged out.

We use cookies when you are logged in so that we can retain login details. This prevents you from having to log in every time you visit a new page. These cookies are typically removed or cleared when you log out to ensure that you can only access restricted features and areas when logged in.

This site offers newsletter or email subscription services and cookies may be used to remember if you are already registered, and whether to show certain notifications. These notifications may only be valid to subscribed/unsubscribed users.

When you submit data through a form, such as those found on contact pages or comment forms, cookies may be set to remember your user details for future correspondence.

5 THIRD PARTY COOKIES

In some special cases, we use cookies provided by trusted, third parties. The following section details which third party cookies you might encounter through this site.

This site uses Google Analytics, which is one of the most widespread and trusted analytics solutions on the web for helping us to understand how you use the site and ways that we can improve your experience. These cookies may track things such as how long you spend on the site and the pages that you visit so we can continue to produce engaging content.

For more information on Google Analytics cookies, see the official Google Analytics page.

6 MORE INFORMATION

It is recommended to leave cookies enabled in case they interact with one of the features you use on our site. If you are need for more information or have additional questions, please feel free to contact us at help@telesisbio.com or via our mailing address: Telesis Bio, Inc., 9535 Waples Street, Suite 100, San Diego, CA 92121.
